REFLECTION

God of Rainbows

Many of us, individually and collectively, have become dispirited by the *stormy weather* we have been experiencing, both literally and figuratively.

We question:

Through the flood of starving people, warring factions, and despair, who will lift the olive branches? Who will light the flame of care?

We ask for insight:

As we stand in a world divided by our own self-seeking schemes, Grant that we, your global village, might envision wider dreams.

God's unwavering presence shines through the gloom and uncertainty surrounding us. It offers assurance that we are not alone and provides direction.

God of rainbow, fiery pillar, leading where the eagles soar,

We, your people, ours the journey now and ever, now and ever, now and evermore.

Verses two and three of the hymn, *In the Midst of New Dimensions*, describe our current life experience. Yet, even as we experience these rainy days of uncertainty and change, our God of rainbows reminds us we are never alone. May we each continue to treasure the rainbows. Amen.

TIMELY HEALTH TIP

Help Others Enjoy the Sunshine Safely

Nearly 5 million people are treated for skin cancer each year in the United States. Skin cancer can be serious and require surgical removal, is expensive to manage, and is sometimes deadly.

Most skin cancers are caused by too much exposure to ultraviolet (UV) light. UV rays are invisible radiation from the sun, tanning beds, and sunlamps. All individuals are at risk; darker skin does not provide protection. More information is available at [Sun Safety Facts](#).

Unfortunately, not everyone can purchase the items necessary to protect themselves. In addition to providing camper scholarships, some congregations care for the youth by giving hats, brims all the way around, sunscreen, sunglasses, and bug spray to help make the youths' camping experiences safer and more enjoyable.

WELLNESS MINISTRIES FOCUS

Pride Month - A Celebration of the Many Contributions by the LGBTQIA+ Community

Pride Month is an annual celebration of the many contributions made by the LGBTQIA+ community to history, society, and cultures worldwide.

Yet some deem our LGBTQIA+ siblings as unworthy of our love, care, and recognition as children of God. The [Pilgrim Press](#) provides resources.

Love your neighbor as yourself. UCC Wellness Ministries' mission is to inspire, enable, and empower everyone to experience wellness as they live their lives. Wellness Ministries in local congregations strengthen the UCC by generating and augmenting the interconnected efforts of the people in the pews to provide a circle of care. The UCC is only as strong as its local congregations.

God created humankind in God's image. UCC Wellness Ministries is a coveted Open and Affirming ministry as we inform and encourage the grace-filled ministries that together enhance the physical, mental, and spiritual health of all God's children.

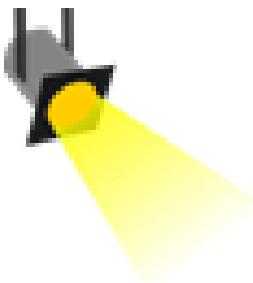

- We take scripture as our guide, understanding that all individuals are created in God's image and are blessed and loved equally by God.
- Activities within our ministries vary from setting to setting. Yet, they provide for all individuals to journey together in a mutually supportive manner toward holistic spiritual, physical, and mental health.

If one member suffers, all suffer together. The number of people in the United States who identify as LGBTQIA+ has increased substantially in recent years, particularly among younger generations. Health disparities and health access-related challenges persist across multiple dimensions. [Friendly and competent health care is essential, but it can be challenging for LGBTQIA+ people to find.](#) Current legislative actions make obtaining appropriate care for individuals of all ages even more difficult. As allies and advocates, we can assist in finding the necessary resources.

Love Your Neighbor Out Loud. [UCC Love is Louder: Love Your Neighbor Out Loud](#) is a campaign faithfully supporting the spiritual, physical, and mental well-being of LGBTQIA+ siblings by equipping faith communities with resources and tools for just action and care. [Tools for Advocacy](#) – Search by state. It also helps identify welcoming healthcare facilities.

- [Love is Louder Toolkit #1 Communal Care of Trans & Non-binary Siblings](#)
- Love is Louder Toolkit #2 will be available after June 1st – Celebrate Pride and better understand the language of gender and sexuality.
