

Paper Chain Prayer Activity

The Strengthen the Church offering supports and celebrates congregations and ministries across the UCC. These pages contain the names of churches supported through Congregation Assessment, Support and Advancement (CASA) grants and National Ministries staff and teams, programs, and ministries funded in part through Strengthen the Church. There are also blank spaces and links left for you to fill in the name of your Conference to represent the ministries supported on a regional level.

You are invited to create a paper chain in a time and setting that works best for your congregation. You can assemble the chain during a children's message describing how we are connected in the church. You can invite your congregation to come up and create the links themselves during a time of prayer during worship. You might just assemble the prayer chain yourself and hang it in the church office! All we ask is that the process of linking together is a way of praying and blessing the many expressions of the United Church of Christ.

Supplies needed:

Printed sheets of prayer (different colored paper recommended)

Scissors or paper cutter

Stapler or tape
